

ESSENTIAL GOVERNMENT FUNCTIONS REPORT

UPDATE: ORANGE TIER, COVID-19 VACCINE

April 20, 2021

SANTA CLARA COUNTY STATUS

- Effective 3/24/21, Santa Clara County aligned with the State's framework Blueprint for a Safer Economy and allowed activities open in Orange Tier counties to resume
- County's 10/5/20 Risk Reduction Order remains in effect
 - Requires everyone to follow all State orders and guidance, maintain distance, and wear face masks, etc.

As certain activities are allowed to resume, proceed with caution.

COVID-19 case rates, hospitalizations, and deaths are falling, but remains present in our community.

Vaccinations are occurring as quickly as supplies allow, but most people in our community are still not vaccinated.

Remember: Just because it is allowed, it does not necessarily mean it is safe.

Can increase capacity indoors:

- Retail stores (100% capacity)
- Shopping Centers (100% capacity)
- Museums, Zoos, and Aquariums (Max 50% capacity)
- Places of worship (Max 50% capacity)

Can increase capacity indoors:

- Restaurants (Max 50% capacity or 200 people, whichever is fewer)
- Gyms and Fitness Centers (Max 25% capacity. Indoor pools allowed)
- Movie theaters (Max 50% capacity or 200 people, whichever is fewer)

Allowed indoors at reduced capacity:

- Wineries, Breweries and Distilleries (Max 25% capacity or 100 people, whichever is fewer)
- Offices (Businesses are required to maximize telework)
- Family Entertainment Centers (For naturally distanced activities. Max 25% capacity)
- Cardrooms, Satellite Wagering (Max 25% capacity)

Allowed outdoors only:

- Bars where no meal is provided
- Amusement parks (25% or 500 people, whichever is less)
Effective April 1st: Indoor capacity max 25% with time restrictions

The key to fewer restrictions is following public health measures.

Counties can move to a less restrictive tier as COVID transmission goes down, testing goes up, and more get vaccinated.

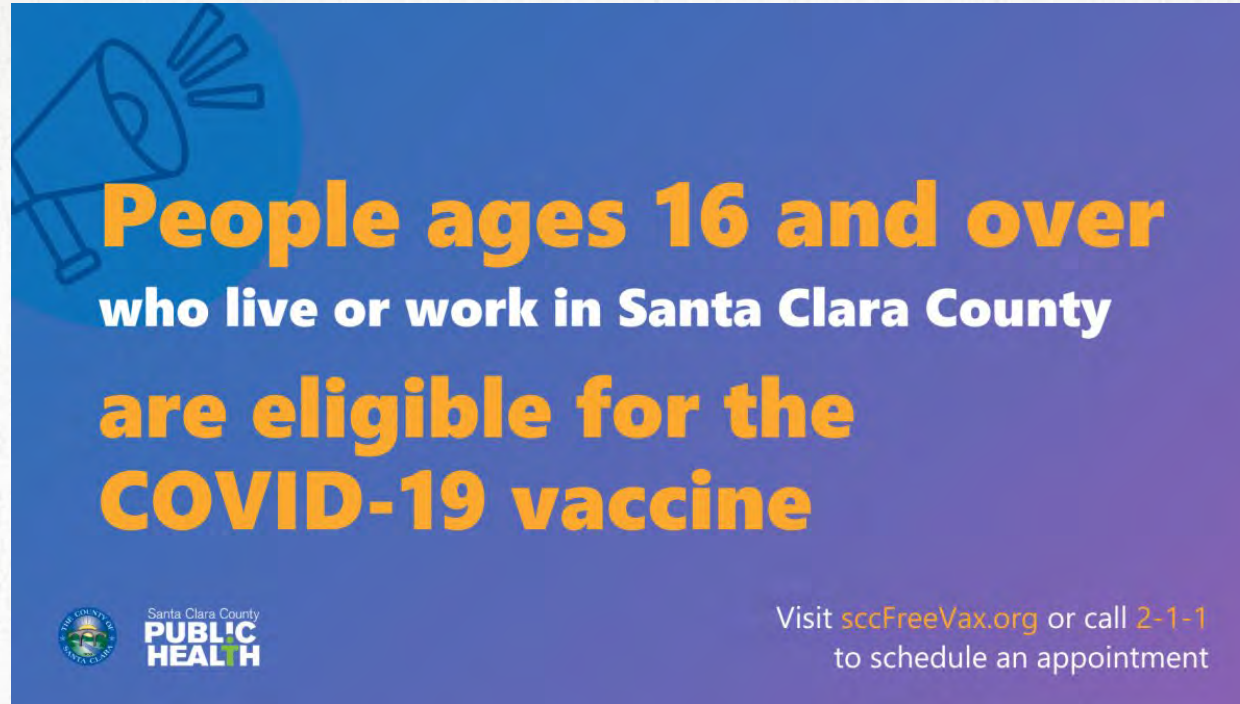

Stay diligent. Wear a mask, keep your distance, and get vaccinated when it's your turn.

See the State's website for more info:
