Dear Board Members,

I am interested in joining the Board of the Fire District.

As a resident of the Town for several years near the open space interface, off Altamont road, and a frequent hiker in Byrne Preserve, multiple pathways including Packard & Stegner, and Hidden Villa, I am acutely aware of the magic of our natural open space and the danger of fire.

As a property owner in the town, we have been deliberate to make sure our land and building are well protected and fire safe.

As a member of the community, I am interested in applying my structured engineering thinking, financial acumen and team approach to represent and give back to the community.

I look forward to your consideration of my interest in joining the Board.

Yours faithfully,

Edward Sharp
