To my fellow LAHCFD Commissioners:

To my amazement, I discover that my 4-year appointment to this Commission will be ending in just a couple of months. I say “amazement” because at the time of my appointment, four years seemed like a distant time horizon, and I just can’t believe that I’ve been in this role for that long.

However, looking back, I see that indeed we have come quite far as an organization, and not only am I proud of the accomplishments of these past years, but I am both impressed and excited by the rapidly increasing pace by which this organization is enhancing its capabilities and effectiveness.

Furthermore, I will continue to serve on the Los Altos Hills City Council for at least another year, and I enjoy serving as a bridge between these two organizations for the benefit of our residents. For all these reasons, I am interested in continuing in my current role as a Commissioner, and I hope that both this Commission and our County Supervisors will see fit to grant me the continued honor of serving this group.

Sincerely,
Roger Spreen
