

Goals	<p>1. Update and revise the LAHCFD-Community Wildfire Protection Plan (CWPP) Annex 4 and the Addendum Guide for residents.</p>	<p>2. Implement County Management Audit Recommendations. Demonstrate financial stewardship of District funds and assets to promote a safe and resilient community with guidelines of the Audit recommendations.</p>	<p>3. Integrated Hazardous Fuel Reduction Program. Fund, create and implement programs based on fire science, LAHCFD CWPP/Annex 4 and the annual budget to support community resiliency, educate District residents and reduce fire fuel hazards.</p>	<p>4. Develop services for hydrant maintenance, repair, location; consider improvement of hydrant fireflow and pipeline resiliency to increase community fire protection.</p>	<p>5. Engage and Collaborate with community, volunteers and agencies. Continue relationships with public and regional organizations to identify common interests and participate in initiatives together that strengthen community resiliency and transparency.</p>	<p>6. Organizational Flexibility and Adaptation: Maintain organizational structure aligned with the District’s Mission and Goals; utilize available resources and adapt to a regional approach for community resiliency.</p>
Objectives	<p>a. Utilize CWPP for program development to strength community fire resilience</p> <p>b. Hold community meetings</p> <p>c. Align with County regional fire protection plan</p> <p>d. Collaborate with partners for best</p>	<p>a. Review and implement recommendations in County management audit report and incorporate feedback to achieve positive solutions</p> <p>b. Engage County Counsel services to advise District</p> <p>c. Manage District resources, assets, and funds to advance District Mission within County audit and procurement guidelines</p>	<p>a. Implement programs based on principles of fire science as State and regional fire experts learn from wildfire experience (example: use of shaded fuel breaks, defensible space and property hardening)</p> <p>b. Continue to partner with regional organizations to support HIZ surveys of properties (Home Ignition Zone) and provide action items for property fire safety</p> <ul style="list-style-type: none"> o Consider incentives consistent with CWPP and Management Audit to reduce fire fuel load and to 	<p>a. Evaluate and consider projects for adequate hydrant location and fireflow capability, pipeline resiliency within established County guidelines when opportunities occur</p> <p>b. Within County guidelines, partner and work productively with other agencies when</p>	<p>a. Identify opportunities to participate with community and organizations in meetings and events to build relationships and educate participants on fire safety, resiliency and community emergency preparedness</p> <p>b. Collaborate with LAH Town to support fire and emergency protection efforts, align outreach communications and strengthen fire and emergency safety for community</p>	<p>a. Align role of Commission and District personnel to meet current and future demands; align with findings by LAFCO and County regional fire protection plan study; align with County Management Audit recommendations</p> <p>b. Utilize County Counsel expertise and follow County policies & procedures, manage records retention</p>

	<p>practices based on fire science principles</p> <p>e. Strive to be a best practice leader in the region for Wildfire Protection and community resiliency</p>	<p>d. Allocate funds each fiscal year in a manner consistent with District Mission and Strategic Plan</p> <p>e. Follow County procurement policies and procedures and records retention guidelines</p> <p>f. Deliver monthly status reports to County Committees pursuant to Board of Supervisors actions</p>	<p>motivate property hygiene and home hardening</p> <ul style="list-style-type: none"> o Create certificate of completion of HIZ program for residents to provide to their homeowner’s insurance carrier <p>c. Support survey of open space areas for fuels and firebreaks projects to defend District from wildfires</p> <p>d. Identify and prioritize fire risk threats in District (example: fuel ladders, road egress and ingress)</p> <p>e. Seek resident, vendor, staff and volunteer input for continuous improvement feedback to create, enhance and expanded programs</p> <p>f. Use technology to strategically target fuel mitigation program delivery (GIS for brush chipping, shaded fuel breaks)</p> <p>b. With regional partners, evaluate construction of shaded fuel breaks and fire breaks where open space is adjacent to District boundaries</p>	<p>opportunities occur.</p> <p>c. Continue to utilize educational videos to educate public.</p>	<p>c. Support, encourage and revitalize LAH CERT volunteer and HAM operator activities</p> <p>d. Support and maintain the ARK and emergency supply containers and equipment</p> <p>e. Expand outreach by evaluating new opportunities to drive community to website to find current updates and critical information</p> <p>f. Continue using existing communication tools while evaluating new technology and regional resources to provide information and programs that support community resiliency</p> <p>g. Continue to assess early notification advisories and ways to improve participation by District residents.</p>	<p>utilizing County guidelines</p> <p>c. Develop succession plan to maintain staffing capability to meet program demands and District operations needs</p>
